

# PMC Silver Clay Workshop

*Your Personalized Gifts!!!*

We run our jewelry making courses in an exciting, versatile new material called Precious Metal Clay (PMC). This material enables individuals with no prior silversmithing experience to produce fantastic designs in pure silver (99.9%).

- Make your own silver jewelry without having any experience in jewelry-making.
- No expensive equipment needed - we supply all that you need for you to design & create your own lovely piece of fine silver jewelry. An ideal gift for yourself or someone special.

Silver Clay is a combination of water, binders, and small particles of silver. It is molded by hand into a desired shape then heated in a kiln to remove the binder and fuse the metal powder into a solid form. The result retains all the marks of the maker, transformed into a precious and durable object.

**Special Promo:**

Enjoy 10% off Project C (incl on Material cost\*\*) when you sign up both Project A & B.  
\*\*Material cost for Project C is at S\$52.00.

\* Each of the above project A (Pendants-3 designs) & B (Belt Ring) is based on 7gm of PMC costing S\$24.00.

These courses are specifically designed to enable absolute beginners to produce fantastic results whilst at the same time tailored to meet the abilities of each participant.

- Duration 3 hrs • Fee S\$60.00 (excl materials\*) • Tools will be on loan for the course
- Advance payment of course fee must be made prior to class to secure a seat.  
Cost of material used will be payable at the end of the class.  
(Please note : material cost may vary with the amount of PMC\* used.)  
Beads.Etc reserved the right to provide designs that may vary from the pictures shown above.
